

Autumn 2 Reading Newsletter

Welcome to Christ the King's Reading Newsletter for Autumn 2 2021. In this newsletter and those that follow, we would like to share updates with our community about what is going on in school to promote a love of reading for pleasure. At CtK, we aim to open the minds of our children through the power of reading. Using our wide and growing collection of books we want to; inspire and engage children, support their understanding of the wider world including culture and diversity and provide role models for the children through a variety of authors. We hope this newsletter keeps you up to date and provides you with ideas and inspiration to foster a love of a reading at home with your child. If you have any recommended reads, please let us know!

Reading for pleasure

It has been a very busy half term at CtK but all classes have still found time to read for pleasure each day. The children have been able to choose a book from their class libraries and spend time engrossed in their books. In years 3, 4 and 5 the children have been providing weekly recommended reads to their class mates which is encouraging children to try different books based on their peers recommendations. In year 3, the children were tasked with finding the most unusual place to read. They had children reading in trees, pools and even at the opticians.

Across school, we also have many lovely spaces in classrooms for the children to enjoy reading in. Have a look at our photos...

School Council have been busy this half term helping to design our new school library!

They have been collecting ideas from all children across school of authors and genres of text that our children would like to see in the library. They also requested that children design the library. We are hoping to have it open in the New Year and invite year groups to use the space to read at lunchtimes. We will also be having read-alouds with different members of staff for the children to listen to and engage with lots of different texts in a comfortable and enjoyable environment. Here's a sneak peek at what we can look forward to...
