

# Soaky sponges

**What you need:** two buckets, water and one sponge per player.

## How to play:

- Fill one bucket up with water, place the other bucket 7m away.
- Measure the amount of water you start with.
- Playing by yourself? How much water can you transport to the empty bucket using just your sponge?
- More than one player? Have a bucket each, who can transport the most water in 3 minutes?

**How will you keep the water in the sponge as you transport it?**
