

**3rd April 2020**

**"Treat others the way you would like to be treated yourself."**

### **Message from Mrs Procter to the children.**

I hope that the Easter bunny bring you lots of treats- I cannot wait to eat some chocolate as if you remember I gave it up for Lent! I am going to be busy tomorrow making my Easter bunting and decorating my house, I will share the pictures with you next week. I have had a few from you already you have all done a great job- keep sending them into me as they make me smile!!

This week I would like to set you a challenge to make a den. This could be in your house or garden- you can get the grown- ups to help. You need to make it as cosy as possible and I would like you to read your favourite story inside your den. I

would love to see your pictures and can't wait to see what your favourite book is. I know that being at home for so long is very unusual and

you might be starting to get a little bored but I hope that you are all still following our school rules and are 'being kind' to your brothers and sisters and grown -ups in your house. We are all missing doing things, I am missing going to see my Mum and Dad, going to the gym and being able to go to the hairdressers but this time is also making me notice the little things more. When I go on a walk I am aware of the birds singing, seeing the flowers starting to peep up from the soil and how friendly people are when you walk past them at a safe distance. By staying at home we are supporting all the keyworkers- so stay in and be safe and look after each other as I want you all back at school safe and well when we can open.

I look forward to getting pictures of your dens, please send them to [schooloffice@christtheking.wirral.sch.uk](mailto:schooloffice@christtheking.wirral.sch.uk).

### **Message to parents**

School has remained open over the Easter holiday and I would like to record my thanks to all my staff who have volunteered to give time up during the holidays to support this. There may not be many people on site at the moment but there is a lot of teamwork going on behind the scenes to make sure that all important functions continue to operate. A number of our pupils will be feeling lost without the usual face to face pastoral support but we are ensuring that we keep in touch via email and telephone. Nobody is finding this easy, so please make sure you let myself or Mrs Jones know if you are experiencing any difficulty. If you need anything urgently you can always ring the school office on 0151 334 4345 as we are open each day and a member of SLT is in everyday to answer your call.

## Weekly Reflection

Easter is a time of joy, celebration and new life. Jesus' resurrection shows us that nothing is impossible to God and this fills us with great hope. We hope that all people will have the chance to live life to the full and have a future free from poverty. We hope that through working together with others we can make the world a fairer, better place for everyone to live. We have not been able to celebrate Holy Week this year with the children in school as we usually would but maybe in your families you could use the time to reflect and think about how we can be like Jesus. It certainly feels different this year but our work together during this period is perhaps more spiritually important than ever. Please keep our CTK family in your prayers.

Please try to log onto an online Mass on Easter Sunday to celebrate the resurrection.
