

Play the Pass It On game with 2 or more players.
Start the game with 5 or 6 objects and then take it in turns to roll a 1-3
dice or select a card from a pile of 1-3 numeral cards.

Pass the corresponding number of objects to the player on your left.

How many objects do you each have now?

The first player to give away all of their objects wins the game.

Here are some ten frames for you to use.
