LO: I can create a question

Questions

When we have a sentence we call these a **statement**.

For example:

Caterpillars turn into butterflies.

When we ask questions we start our sentences and end them differently.

Usually they start with:

Who

What

Why

Where

When or How

and end with a ?

Task: Lets change these statements into questions.

For example:

Caterpillars turn into butterflies.

What do caterpillars change into?

After caterpillars have eaten lots they turn into butterflies.

When

Butterflies are unusual as they go through a big change.

Why

Challenge: Can you think of some of your own questions?
